

## SAW MACHINES

### USAGE

Block cutting of concrete, brick, stone, granite, marble, natural stone.

### DELIVERY CONTENT

Pack including:

- 1 table saw
- 1 wheel kit
- 1 guiding laser
- 1 extension
- 1 tools

### JOBS

Carpenter, Roofer, Mason, Paver

### TOOLS

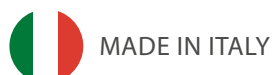

To be used on all your paving sites with the ST80 blade

## Table saw ELITE80S

The special table saw for bricklayers and pavers

| RÉFÉRENCE                              | ELITE80S              |
|----------------------------------------|-----------------------|
| CARACTÉRISTIQUES TECHNIQUES            |                       |
| Engine                                 | Electric 230 V - 2200 |
| Diameter                               | 350 mm                |
| Bore                                   | 25,4 mm               |
| Maximum depth of straight cut          | 110 mm                |
| Maximum cutting depth at 45°           | 80 mm                 |
| Maximum material size for straight cut | 800 mm                |
| Maximum material size diagonal cut     | 566 mm                |
| Rotation speed                         | 2800 rpm              |
| Net weight                             | 68 kg                 |
| Dimensions l x w x h                   | 1180 x 710 x 810 mm   |

### Patented systems

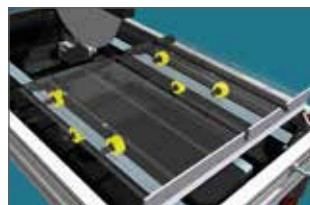

- The lightest machine on the market that allows a cutting length of 800 mm and can support 150 kg
- Manual feed of the grinding cup
- Lightweight and robust Aluminium frame
- Electrical and thermal protection

Guiding laser

Tilting cutting head at 45°

Sliding cutting table on 6 wheels (12 bearings) for maximum stability

Height-adjustable cutting head

Fastleg system + 4 handles = easier handling and transport

## EN OPTION

| REFERENCE | DESCRIPTION                                                       |
|-----------|-------------------------------------------------------------------|
| SP90159   | Single extension 3 m ; L + N + E 16A ; std plug/indus socket      |
