

## SAW MACHINES

### USAGE

Dust-free cutting of concrete, natural stone, tile etc.  
Ideal machine for making openings during masonry work and for expansion joints

### DELIVERY CONTENT

Cardboard box including :  
1 dry cut-off unit  
1 assembly/disassembly key

### JOBS

Roofer, Construction industry, Landscape gardener

### TOOLS

We recommend using a BS72 blade

## Cutting unit ETR230.1

Flexible for dust-free sawing

| RÉFÉRENCE                   | ETR230.1              |
|-----------------------------|-----------------------|
| CARACTÉRISTIQUES TECHNIQUES |                       |
| Engine                      | Electric 230 V - 2600 |
| Diameter                    | 230 mm                |
| Bore                        | 22,23 mm              |
| Depth                       | 65                    |
| Rotation speed              | 6500 rpm              |
| Net weight                  | 7,6 kg                |
| Dimensions l x w x h        | 613 x 194 x 259 mm    |

Ø 230 mm

↓ 65

- Powerful and lightweight machine
- Innovative drive concept: the machine sinks into the material, allows simple and safe guidance

Depth adjustment in steps, without tools

Robust extraction hood ; Direct connection to vacuum

Easy guidance thanks to the roller bearing

Locking system to easily change the tool

#### EN OPTION
