BACK PROTECTION
Ergonomic design

225 mm

avec une ponceuse traditionnelle

avec la ponceuse ELS225.1

* Seulement 1,5 kg de poids ressenti. Uniquement si couplé à l'aspirateur ASP-E16

Système VacuGlide

- La force d'aspiration réduit le poids ressenti de la machine. Plus de pression inutile, la ponceuse peut être guidée en toute simplicité
- 60% d'efforts en moins à fournir par rapport à une ponceuse traditionnelle
- Ponçage aisé des murs et plafonds
- Augmentation de l'efficacité dans le travail quotidien
- Prévention des troubles musculo-squelettiques (T.M.S.)

- Lightweight, balanced and ergonomic, highly manoeuvrable, multiple working positions
- Removable flexible drive shaft
- Robust seal = fits perfectly to the angle of inclination
- Solid joints, mounted on springs
- Dust cover + perforated sanding blade = efficient extraction
- Removable sealing joint
- Extension for high walls & ceilings up to 3 m = time saving, no additional tool is needed (ladder, scaffolding)
- Soft start, electronic overload protection

Articulated anti-vibration system mounted on springs = compensates for irregularities

Adjustable suction flow

Easily changeable transmission hose – simple, quick and economical replacement

Grinding cup in foam: allows to obtain extremely smooth surfaces

EN OPTION
