TOOLS

Don't forget the appropriate grinding cup for your work: in tungsten carbide (ref. CB-37124) for Wood surfaces; diamond grinding cup (ref. PNC100-801) for mineral surfaces

Portable surface grinder EOF100.1

A precise and fast alternative to traditional sanders

RÉFÉRENCE	EOF100.1
CARACTÉRISTIQUES TECHNIQUES	
Engine	Electric 230 V - 1400
Diameter	100 mm
Bore	22,23 mm
Depth	1
Rotation speed	10000 rpm
Net weight	3,3 kg
Dimensions l x w x h	410 x 139,5 x 120 mm

MADE IN EUROPE

100 mm

- Modified extraction hood for improved dust extraction and greater stability
- Compact and easy to handle
- Support bracket: precise guidance, prevents the machine from tipping
- Anti-vibration, non-slip bracket handle
- Motor protection system with cut-off carbon brushes
- Soft electronic start-up, temperature control, constant rotation speed
- On/off switch with locking system in the on position
- Quick tool change

2/3 time saved

Saves time and requires fewer tools than traditional methods

EASIER AND MORE ECONOMICAL WORK

Height adjustable in 0.1 mm increments (up to a maximum of 1 mm)

Front of the removable guard for flush wall sanding

Direct and swivel vacuum connection : makes working in corners easier

No dangerous chemicals for health

No smell emission

No clogging of the tool by Paint and other substrates
