Light machine designed to:  
make concrete and asphalt sleeves rougher;  
remove paint, glue etc. from floors

### DELIVERY CONTENT

Pallet including :  
1 planer  
1 cage with 8 tungsten knurling rollers

### JOBS

Construction industry, Paving professional

### TOOLS

See in the "optional" section

## Planer RB200

Lightweight machine designed to mark floors

| RÉFÉRENCE                   | RB200-H5               |
|-----------------------------|------------------------|
| CARACTÉRISTIQUES TECHNIQUES |                        |
| Engine                      | Thermal 160 cm3 - 4000 |
| Working width               | 200                    |
| Depth                       | 2                      |
| Rotation speed              | 2448 rpm               |
| Net weight                  | 61 kg                  |
| Dimensions l x w x h        | 1070 x 410 x 1050 mm   |

MADE IN EUROPE

- 200 mm cutting width
- Motor on silent blocks = anti-vibration
- Ideal weight
- Standard wheels in tungsten carbide
- Highly resistant wheel drum
- Easy and quick wheel replacement

Use: floor marking, removal of residues (marking, glue, paint)

Depth adjustment from 1.6 to 2 mm

Connection to the vacuum cleaner

#### EXPERT ADVICE

Make sure to adjust the tool's flatness properly for more stability and quality finishes

#### EN OPTION
